**The timetable over the page is just a suggestion for you to follow at home to help structure your day, as you will also get daily or weekly timetables and work expectations set by the teacher.**

We understand that every child, family and household is different, however **literacy, numeracy and physical activity** are our priorities so if you don't do anything else, please complete these. We encourage families to spend quality time playing games, learning life skills, looking after their wellbeing and making the most of this time together.

### Suggested resources to support your child's learning at home:

1. **Our Learning SA** developed by the Department of Education is our preferred site which is aligned with the Australian Curriculum and supports learning between home and school:  
<https://www.education.sa.gov.au/our-learning-sa>
2. We have developed a '**home learning**' tab on our website. There are links for websites and apps that teachers use at school to support learning which you can use at home.
