

# Plan summary

**SCHOOL IMPROVEMENT PLAN**  
**Ascot Park Primary School 2019-2021**  
*Updated 2021*

Goals	Targets	Challenge of practice	Success criteria
Increase the number of students achieving SEA in reading (and retain those students in higher bands)	<p>65% of Reception students will achieve SEA in reading as measured by running records (level 5)</p> <p>75% of year 1 students will achieve SEA in reading as measured by running records (level 13)                      65% of year 1 students will achieve the expected level in year 1 phonics screening check</p> <p>65% of year 1 students will achieve the expected level in the phonics screening check                      70% of year 2 students will achieve SEA in reading as measured by running records (level 21)                      80% of years 3-7 students will achieve SEA in PAT-R</p>	If we develop a consistent and rigorous approach to teaching phonics and decoding as part of our focus on the Big 6, use the gradual release of responsibility model and set student goals, then we will increase the number of students achieving SEA in reading.	Students will demonstrate a solid understanding of letter-sound correspondences and apply this to reading and spelling. Students will demonstrate high oral language, vocabulary and listening comprehension skills. Students will use key comprehension skills to make sense of texts.
Increase the number of students achieving the expected LEAP (Learning English: Achievement and Proficiency) level in writing	<p>New writing goal in 2020</p> <p>75% of R-2 students will achieve the expected lang &amp; lit level (Rec - 4, yr 1 - 5, yr 2 - 6)                      30% of year 3-7 students will achieve the expected lang &amp; lit level (yr 3- 7, yr 4 - 8, yr 5 - 9, yr 6 - 10, yr 7 - 11)</p> <p>75% of R-2 students will achieve the expected lang &amp; lit level (Rec - 4, yr 1 - 5, yr 2 - 6)                      30% of year 3-7 students will achieve the expected lang &amp; lit level (yr 3- 7, yr 4 - 8, yr 5 - 9, yr 6 - 10, yr 7 - 11)</p>	If we explicitly teach genre using the gradual release of responsibility model and teach students 'how language works' then we will increase the number of students achieving the expected LEAP level.	Students will demonstrate their understanding of genre, purpose and audience in their own writing. Students will demonstrate how the patterns of grammar and technical aspects of language work in their own writing.
Increase the number of students achieving SEA in maths (and retain those students in higher bands)	<p>New numeracy goal in 2021</p> <p>75% of years 3-7 students will achieve SEA in PAT-M</p>	If we strengthen whole-school approaches to numeracy learning improvement then we will increase the number of students achieving SEA in maths.	Students' understanding of number patterns, mathematical concepts and language will be enhanced. Students will increase their mathematical fluency and reasoning. Students will increase their collaborative inquiry and problem solving skills.
